Job Posting: Aviation Engineer

Meton CAMO Aviation Services

Position Overview

Meton CAMO Aviation Services is seeking an experienced Aviation Engineer to support aircraft and engine redelivery projects. The role focuses on detailed records reviews and process management across commercial aircraft and engine types, with additional responsibility for conducting physical inspections. The ideal candidate combines strong technical expertise with a practical, hands-on approach and a keen eye for compliance and detail.

Key Responsibilities

- Perform comprehensive records reviews for aircraft and engine redeliveries.
- Ensure full compliance with applicable aviation regulations and industry standards (FAA, EASA, etc.).
- Conduct physical inspections of aircraft and engines as required.
- Work closely with cross-functional teams to ensure efficient and timely redelivery processes.
- Document inspection results and prepare clear, accurate technical reports.
- Identify, analyze, and resolve discrepancies in technical records or physical condition findings.

Qualifications

- **Experience:** Minimum of 3 years' experience in aviation engineering, with a strong focus on records review and aircraft and/or engine redeliveries.
- **Inspection Expertise:** Demonstrated hands-on experience performing physical inspections of aircraft and/or engines.
- **Education:** Bachelor's degree in Aerospace Engineering, Mechanical Engineering, or a related discipline.
- **Regulatory Knowledge:** Solid understanding of aviation regulations and airworthiness standards (FAA, EASA).
- **Communication:** Strong written and verbal communication skills.
- **Collaboration:** Proven ability to work effectively in a team-oriented environment.

Preferred Qualifications

- Aviation maintenance or engineering certification (e.g., EASA Part-66 or FAA A&P).
- Experience with aircraft maintenance and records management systems.
- Proficiency in data analysis, reporting, and technical documentation tools.

Benefits

- Permanent employment opportunity.
- Flexible and hybrid working arrangements available.

Application Process

Interested candidates are invited to submit their CV and a cover letter outlining relevant experience to Operations@metoncamo.com

Application deadline: 15 January
