## Job Posting: Engine Specialist

Meton CAMO Aviation Services

### Position Overview

Meton CAMO Aviation Services is seeking an experienced Engine Specialist to support engine redelivery projects across a wide range of commercial engine types. The role focuses on in-depth records reviews and redelivery process management, complemented by hands-on involvement in physical inspections, Borescope Inspections (BSIs), and engine shop visit and table inspections. The ideal candidate is detail-oriented, technically strong, and experienced in ensuring regulatory compliance throughout the redelivery lifecycle.

### Key Responsibilities

- Conduct comprehensive records reviews for engine redeliveries, including Engine Shop Visit (ESV) reports and engine worksopes.
- Ensure compliance with applicable aviation regulations and airworthiness standards (FAA, EASA, etc.).
- Perform physical inspections, Borescope Inspections (BSIs), and BSI result evaluations.
- Review and oversee engine shop table inspections as required.
- Collaborate with internal and external stakeholders to ensure smooth and timely redelivery processes.
- Document findings and produce clear, detailed technical reports.
- Identify, analyze, and resolve discrepancies in technical records or engine condition.

### Qualifications

- **Experience:** Minimum of 3 years' experience in aviation engineering, with a strong focus on records review and aircraft and/or engine redeliveries.
- **Inspection Expertise:** Proven hands-on experience with engine physical inspections and BSIs.
- **Education:** Bachelor's degree in Aerospace Engineering, Mechanical Engineering, or a related discipline.
- **Regulatory Knowledge:** Solid understanding of aviation regulations and airworthiness standards (FAA, EASA).
- **Communication:** Excellent written and verbal communication skills.
- **Collaboration:** Ability to work effectively within a team-based environment.

### Preferred Qualifications

- Aviation maintenance or engineering certification (e.g., EASA Part-66 or FAA A&P).
- Experience with engine and maintenance management systems.
- Strong analytical skills with proficiency in data analysis and technical reporting tools.

### Benefits

- Permanent employment opportunity.
- Flexible and hybrid working arrangements available.

### Application Process

Interested candidates are invited to submit their CV and a cover letter outlining relevant experience to

**Operations@metoncamo.com**

**Application deadline: 15 January**
